POSTER WRITING

- **Objective:** Define a good poster template, precise to be meaningful, simple to be tractable

- **Techniques:** LaTeX is certainly the best one.
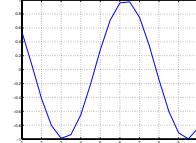

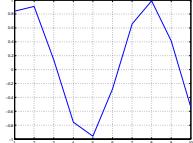

Writing a good poster is fundamental in engineering [?]

RECOMMENDATIONS

- **DO** use a single sheet of A0 paper.

- **DO** use large, easy-to-read letters.

- **DO** use color.

- **DO** include clear figures and tables.

- **DO NOT** paste-up typed pages from a paper.

- **DO NOT** clutter the poster with details and lots of text.

A Poster Session is more like an informal discussion that may begin with a question from an interested person. The poster will help you answering questions.
